

Κωνσταντίνος Μαχάρας

Constantinos Machairas is the Executive Director of Organization Earth, a Greek nonprofit promoting the implementation of the Agenda 2030, through non-typical learning experiences and action. He serves as the General Secretary of IFOAM AgriBioMediterraneo, the official regional group of the International Federation of the Organic Agricultural Movement (IFOAM). Constantinos is the current President of the Hellenic Platform for Development, the umbrella-organization for Greek civil society organizations and also a member of the BoD of ActionAid Hellas. He was recently elected to the Steering Committee of the recently launched UN Global Compact Greece, a United Nations initiative based on commitments from the corporate world to implement universal sustainability principles.
